**Dear Northwest Christian School Families,**

Last Friday we officially welcomed 14 short-term students into the Northwest Christian School family.

The NCS South Korean Winter Camp welcomes students to America and integrates them into classes, giving them first-hand exposure to American school and the English language.

For our NCS students, this program provides a unique opportunity for cultural exchange, building international friendships, and growing to understand the world just a little bit better.

The school released an invitation to South Korea last week to students in grades 6 and 7. Next fall, we are planning to take a small group of NCS students to experience a short program with our sister schools in Seoul and Wonju. Once again, an amazing opportunity for NCS students to experience South Korea first-hand.
