Principal's Perspectives

Dear Northwest Christian School Family,

I am writing today's message as an appeal for home support.

Every spring our region bursts with new life. Every year we also see students shift into a spring modus operandi with love in the air. At Northwest Christian School, it is our school system's policy that elementary-age children are too young to engage in physical relationships of any kind. This includes holding hands, romantic hugs, and kissing.

It is my position that pre-high school students are too young to date; period. However, if your family has softer boundaries on this topic, please help us reinforce our school policy of no public (or private) displays of affection. If you are unfamiliar with, or have forgotten what our handbook says about PDAs, it may be a good time to review this with your children.

Please help us keep our kids safe at this age, as it will help them make wise decisions when they someday face larger decisions that could have life-altering consequences.
